

Akshay Sharma

Indore, India • akshaysharma58194@gmail.com • +919516576797 • [LinkedIn](#)

Frontend Developer with 2+ years of experience building responsive, high -performance web applications using React, TypeScript, Redux and modern UI frameworks (Tailwind, Material UI). Proven track record delivering production-ready dashboards and reusable component libraries that accelerated development by ~30%, reduced page load times by up to 40%, and improved application stability and accessibility. Strong at UI performance optimization, real-time API integration (telematics/finance), and cross-functional Agile collaboration; seeking on-site roles contributing to scalable, user-focused web products.

SKILLS

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Vue.js, Bootstrap5, Tailwind CSS, HeroUI, Material UI, Electron.js.

State Management: Redux, Redux Toolkit.

Backend &Tools: Node.js, Express.js, MongoDB, RabbitMQ, Docker, Postman

WORK EXPERIENCE

Frontend Developer

Infinity Genesis Techso Pvt. Ltd.

July 2025 - Present

Indore, India

- Built React + TypeScript UI modules for **workshop management**, **fleet operations** and **maintenance workflows**; created reusable components and patterns to accelerate feature delivery.
- Designed responsive dashboards with HeroUI and Tailwind CSS to visualize vehicle profitability, contract KPIs and maintenance alerts for operational teams.
- Integrated real-time telematics, maintenance and finance APIs to deliver up-to-date data and reduce manual reconciliation.
- Implemented performance optimizations (memorization, lazy loading and selective rendering) that improved page responsiveness for large data pages.
- Collaborated with backend, data and product teams in **Agile sprints** to deliver features and troubleshoot production issues, improving application stability.
- Connected in-house **microservices** to the React + TypeScript frontend, improving modularity, scalability, and system maintainability.

Frontend Developer

Envideo Technology Pvt. Ltd.

Feb 2024 - May 2025

Bhopal, India

- Developed reusable component libraries using Bootstrap and MaterialUI, accelerating development speed by 30% and ensuring consistent UI across projects.
- Championed a design system focused on inclusive design principles, leading to a 20% rise in positive user feedback regarding accessibility.
- Demonstrated strong problem-solving skills, quickly identifying and resolving critical production issues, reducing down time by 30% and improving application stability.
- Resolved performance bottle necks in the frontend code base, resulting in a 40% decrease in page load times and improved website ranking on search engines.
- Participated in code reviews and provided valuable feedback, leading to a 30% reduction in bugs and enhanced code quality.

Frontend Developer

Cyber Instant Pvt. Ltd.

Dec 2023 - Jan 2024

Indore, India

- Collaborated with cross-functional teams to implement reusable components, resulting in a 30% improvement in overall code maintainability.
- Ensured mobile responsiveness and accessibility using modern CSS frameworks, increasing user engagement by 25%.
- Participated in code reviews, bug fixing, and performance optimization, enhancing application speed by 40% and improving user experience metrics.
- Followed Agile development practices, contributing to a 15% increase in project delivery efficiency.

Frontend Intern

Techlene Software Solutions Pvt. Ltd.

Jul 2023 - Oct 2023

Indore, India

- Acquired front-end website development skills by collaborating on a team project, building a responsive website using HTML,

CSS, and JavaScript, enhancing user experience and achieving compatibility across 98% of browsers.

- Enhanced accessibility features, resulting in a 20% increase in user satisfaction and full compliance with accessibility standards.
- Designed and planned a reusable React component library, reducing development time for subsequent projects by an average of 30%.

PROJECTS

Medico – Hospitalization Admin Dashboard

Tech Stack: Vue.js, Node.js, Express.js, MongoDB

- Engineered a responsive admin dashboard to streamline appointment scheduling and manage doctor availability in real-time.
- Introduced a live doctor availability feature, enabling more accurate bookings and reducing patient wait times.
- Delivered a 30% reduction in administrative workload, boosting operational efficiency and patient satisfaction.

Toll Management System (Multi-Platform Solution)

Tech Stack: React.js, React Native, Electron.js, Redux, Node.js, Bootstrap, ExcelJS, jsPDF

- Built a cross-platform toll management application for desktop (Electron), mobile (React Native), and web (React.js).
- Implemented vehicle fee selection, digital receipt generation, and export to Excel/PDF for vehicle records.
- Designed the system for quick, user-friendly operation by toll booth employees, enhancing recordkeeping and reducing manual work.
- Applied best practices for responsive UI and modular code architecture using Redux for shared logic across platforms.

Video Management System (VMS)

Tech Stack: React.js, Redux, Bootstrap, Node.js, RabbitMQ, Docker

- Built a responsive video management dashboard with **Redux** for structured state management and efficient UI updates.
- Integrated **HLS.js** to stream live video feeds with seamless playback and minimal buffering.
- Set up **RabbitMQ** to handle and manage asynchronous event queues, enabling real-time event display on the dashboard.
- Implemented a **Telegram bot** to forward live alerts and events directly to clients' Telegram accounts and also send automated emails.
- Containerized the entire application using **Docker** for smooth and consistent deployment in production environments.

EDUCATION

Integrated Master of Computer Application

IPS Academy Indore

Aug 2019 - Apr 2024

CGPA: 8.11

- Among the top 5% of the batch

CERTIFICATIONS

Javascript  by **Scaler** - Covered ES6, async, and DOM manipulation.

Dec 2023

MongoDB  by **Great Learning** – Basic to intermediate database design.

Dec 2022

LANGUAGES

Hindi (Native proficiency), **English** (Professional working proficiency)
